

## SKILLS

---

- **Finance/Securitization**
- **Public Procurement (Healthcare/ICT/Infrastructure)**
- **Governance and Management**
- **Digital Transition for Public Administration**
- **Business Relations**

*Gianluca is a senior manager with a proven track record in the finance, health, procurement, and utilities sectors, with a strong aptitude and experience in digital transformation processes. He holds a degree in Economics and Commerce from the University of Salerno, and has been a Chartered Accountant and statutory auditor since 1993, with a passion for technology and digital innovation.*

*From 1993 to 2006, he held roles as an auditor and board member of public companies in the utilities sector, namely Salerno Energia S.p.A, and urban transformation, namely, Città dei Giovani e dell'Innovazione S.p.A. He served as a consultant to Monte dei Paschi di Siena, board member of Banca Popolare del Credito Salernitano S.c.p.a. and Salerno Mobilità S.p.A. with operational responsibilities in finance and administration.*

*In 2006, he was appointed Special Prosecutor for the Securitization of Healthcare Credits in the Campania Region (So.Re.Sa. I). From 2007, he held the position of Administrative and Financial Director of So.Re.Sa. S.p.A. (Aggregating Entity of the Campania Region).*

*In 2016, he was appointed General Manager of So.Re.Sa. S.p.A. In 2018, he was appointed as a full member of the Steering Committee of Aggregating Entities (MEF, Ministry of Health), representing all Regional Aggregating Entities.*

*In March 2020, he joined Acea S.p.A., serving as CFO & Regulatory Leader at Acea Ato 5 S.p.A, the integrated water service concessionaire for approximately 200 municipalities in the lower Lazio region. In this role, he has consolidated significant experience in the regulated network services sector and management policies of large network infrastructures and dynamics of listed holding companies.*

*He is the CEO of D&P.*

---

*Gianluca graduated in Economics from Salerno and has obtained several second-level university specialization master's degrees - SDA Bocconi School of Management and Masan (Healthcare Procurement Management). His individual know-how and personal skills are complemented by a second-level training path at the SDA Bocconi School of Management (EMMAP and MASAN) and ongoing on-the-job training at Acea through multiple Agile and Lean Management projects. As a Digital Agenda correspondent, he has written numerous articles on procurement and digital innovation.*
